From the Commodore

To All You Pirates, Happy Easter!

You may have noticed the power for A and B Docks is ON! Awesome! Next on the list is under the clubhouse and the bathhouse. Then, dry storage will get attention. Thank you all for your patience! Bill Drechsler said in September to plan on going through the winter without power; it came back almost on the first day of spring!

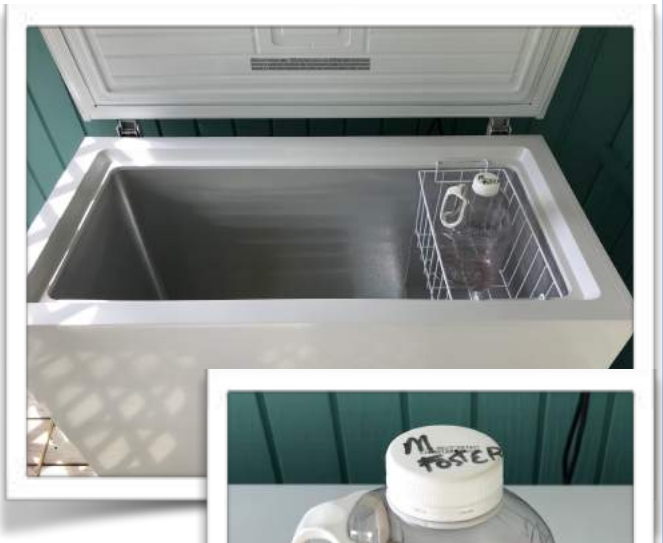
C Dock repairs are being planned, although the start date seems to be fluctuating. Now it may be May 15 for a start date. Cahoon has been running into unexpected issues with the work ahead of us; each problem pushes it back. In the meantime, we may have some opportunities with the plumbing; that remains to be seen. You will know as soon as we do. The upside is, we are earning some nice interest on the money!

BLACKBEARD'S EPITAPH

(Continued from page 1)

From the Commodore

It has been suggested we do not build an additional, higher platform under the ice machines and refrigerator under the clubhouse. Therefore, as soon as the electricity is restored, we will contact Carolina Ice for new ice machines. We are looking for a replacement refrigerator too. If you have one to donate, please let us know. Thanks. In the meantime, we added an additional freezer on the ladies side of the bathhouse. This is for cruisers and others to use for general frozen items. The new capacity is more than we had before Florence, so please keep your cruising ice containers there. As always, keep your screw-on lid item marked with your name.



When you receive this newsletter, we will have completed another successful Work Day. Thanks to Ed, Joe and Richard for the planning. Thanks to all the project chairs who came forward to complete a task! Thanks to Joanne and her crew for the Food Committee's efforts! BIG thanks to Terry, George, Charlie and Billy for the roast pig, and Doug Grintz and his family for the great BBQ chicken. Another BIG thanks to all the BSC Members that could and did attend Work Day! You make BSC Better Than Before!

If you missed Work Day, you can still participate! BSC has lots of small projects that can be done, all you need to do is ask. It may be as easy as collecting some cut tree branches or painting something. Ask Ed Doughty or me and we will hook you up with a project. Thanks!

See you on the water soon,

Best, *Mike*.

Secure Your Lids!!!

The new power boxes are installed on A & B docks!

BLACKBEARD'S EPITAPH

Shore Power

by Bill Green

As you know by now, power is back on A and B Docks. Yeah!

That means, of course, that you can now plug your boats back into shore power. You've already seen information on the new GFEP circuit breakers in the powerheads, so I won't be rehashing the why's and wherefore's. Please be on the lookout for trips of those breakers, which could indicate that something is amiss with the electrical system on your boat.

The new powerheads are equipped with two 30-amp, twist-lock receptacles, as shown in this photo. This is exactly what most of us are used to. Just make sure your 30-amp shore power cord is in good condition, and that you plug into your receptacle and not your neighbor's! It's also good practice to turn off the circuit breaker before plugging in or unplugging your cord.

A few of the new powerheads are equipped with a 20-amp GFI receptacle marked "NOT FOR SHORE POWER" as shown here. These receptacles are convenience outlets only and should be used for power tools and other portable appliances on the docks. They may not be used for shore power.

If you need 15 or 20 amp for shore power, you will need to plug into the 30-amp twist-lock receptacle using the appropriate adapter.

BLACKBEARD'S EPITAPH

Lessons Learned

by Barb Robinson

This March 22 marked a year since the sinking of the ensign, Mutiny, in the Neuse River, putting the four crew members in the water. Fairfield Harbour Yacht Club and Blackbeard Sailing Club formed a Task Force to look at lessons learned and to address inadequacies in water rescue procedures in our area. If you would like a copy of the full report, please contact me and I will email you a copy: ribaldness@gmail.com.

The purpose of this article is to remind people about steps they can take to have a safe outing on our waterways. The following are just a few of the lessons learned and apply to any size or type of boat, sail or power.

1. Anytime you are on the water, wear your PFD. Stowing it neatly on the boat and "out of the way" while out on the water isn't going to help you if you find yourself in the water and your PFD is on the boat.
2. It is the responsibility of the skipper to make sure all people on board know where the MOB (Man Over Board) button is. They should also know where the marine radio is and how to use it in case of an emergency.
3. Along with wearing the PFD, everyone on board should carry appropriate waterproof, accessible signal communication devices tethered to their person. Something as simple as a whistle will work.
4. If you take medications, you should carry a list of medications and their dosage in a waterproof bag so it's available to emergency personnel should it be needed during a rescue.

Below is a link to an article I read on Google the other day. It was the Chicago/Mackinaw race on Lake Michigan. It shows that even with very experienced sailors, weather can become a very dangerous and immediate factor.

http://sailingmagazine.net/article-permalink-1919.html

Tagging Personal Property

by Mike Foster

BSC Members - Just a reminder that BSC is a place for your water related toys and property, but please notify the Dry Storage Chairs before you bring something through the gate. The Chairs are: Dry Storage - Ken Gurganus, Dock Boxes - Dan Ritter, Dinghies - Chris Davies, and Woods Storage - Chesley Sugg. Please label all of your property. In the Tool Room on the shelf are the tags pictured. Write your name and phone number on a tag, peel off the white backing paper and stick the clear piece down on top of the yellow tag. This adds a weather-resistant seal to the tag. Attach a tag to each item, especially your dinghies. Untagged items are subject to removal. The area under the Clubhouse is not a storage area. Thanks for your efforts to keep BSC orderly and appealing to new members.

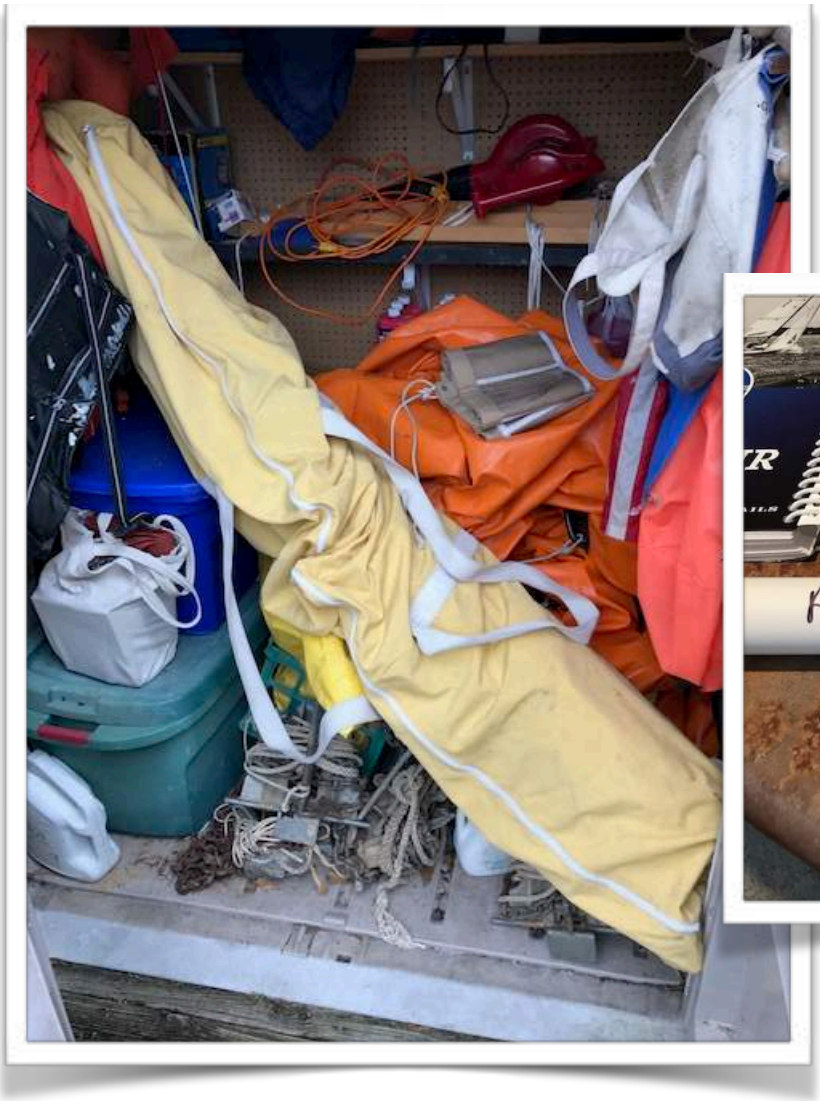
BLACKBEARD'S EPITAPH

Racing Marks

by Mike Foster

Recently I sorted through this bag of racing marks to run some races. It was an interesting experience. I divided the flags into three piles, Class flags, Mark Boat flags and Signal Boat flags. The pile ended up being rather large and heavy! It occurred to me that hauling all those class flags was not necessary; just grab the few you need. Sorting through the duplicate flags for Signal and Mark could be avoided if we had separate bags for each boat, and perhaps an additional set for a safety boat. Then, our on the water crews would be equipped for changes as needed - like shortening course, replacing a sunk mark or being the Finish Boat. The question is, do we have someone skilled to sew us three new bags for flags? They should be five feet long with a side zipper for easy access. See me if you want to help.

I marked each flag pole with the required sound signal for hoisting and dropping each flag. See the pix.



Save the Date for a Unique event at BSC – Saturday, April 6th

We will have a guest speaker who will present stories, pictures and videos from "***The Race of Your Life***" as the ***Clipper Round the World*** Amateur Yacht Race is known. This will be followed by a Pot Luck Dinner.

The Clipper Race is one of the biggest challenges of the natural world and an endurance test like no other. It's a record breaking 40,000 nautical mile race around the globe on the world's largest matched fleet of 70-foot ocean racing yachts.

The Clipper Race is the brainchild of Sir Robin Knox-Johnston, the first person to sail solo non-stop around the world in 1968-69. His aim was to allow anyone, regardless of previous experience, the chance to embrace the thrill of ocean racing. The event is now on its eleventh edition. Normally the domain of seasoned pros, this supreme challenge is taken on by ordinary, everyday people – some of whom have never even been in a sailboat before – but who have undergo a rigorous training course prior to departure. There is no upper age limit, and the oldest participant to date was 74.

Our guest speaker, Rick Schwab (Jane Staveley's cousin), is a recreational sailor with a Bavaria 32 in Solomons Maryland, who participated in the 2013-2014 race and navigated legs from London, to Brazil, South Africa, Australia, Viet Nam and China. He has many interesting stories to tell of the voyage!

More details to come but feel free to check it out at https://www.clipperroundtheworld.com

Hosted by Jane Staveley, Joni Floyd, and Sally Johnson

22nd ANNUAL
BILL WILKERSON MEMORIAL TROPHY RACE
Sunday, April 14th, 2019
Notice of Race

1. Rules: The regatta will be governed by the rules as defined in the Racing Rules of Sailing.

2. Eligibility and Entry: Anyone who keeps a sailboat in Fairfield Harbour at a private dock or one of the marinas including NW Creek, Birdland, Shoreline, and Blackbeard Sailing Club **and/or** owns property in Fairfield Harbour is invited to participate in the race. Entry instructions **(4/11 deadline)** can be found below. Boats requiring a rating will be assigned a rating by the Race Committee.

3. Fee: The entry fee shall be $25.

4. Classes: The fleet may be separated into two or more classes if there are at least three boats in each class. Anticipated classes are Ensign, San Juan 21, cruising, non-spinnaker and multi-hull. The use of spinnakers will not be allowed. The class assignments will be determined by the PRO and dependent on the entries received.

Cruising Class Definition:

1. No boat specifically designed for racing is allowed 2. Only Dacron sails allowed
3. Powered winches allowed 4. Two of four additional requirements must apply: a. Windlass or pulpit mounted anchor b. Dodger or bimini in place c. Youngest sail 5 years old or older d. Bottom paint 3 years old or older

5. Schedule:

Skippers' Meeting	10:00 April 14th at Red Sail Park, Fairfield Harbour
Scheduled Start for First Boat	1300 Pursuit starts
Post-race Party	1700 at Red Sail Park.

Please bring a dish to share at the party. Beer, wine, soft drinks and table service will be provided.

6. Sailing Instructions: Sailing Instructions will be available at the Skippers' meeting.

7. Venue: The race will be held on the Neuse River, starting near Northwest Creek marker 1N.

8. Course, Start and Finish: This will be a pursuit start distance race. The course to be sailed will be announced at the Skippers' meeting. Boats do not need to check in with the RC before the start. The starting and finishing lines will be between an orange flag on the Signal Boat and the nearby inflatable mark. The first boat to start will have a start in accordance with rule 26. Other boats will start at a delayed time from the first start. Those time delays will be given to each skipper at the Skippers' meeting. Boats will be reminded on **channel 78** of their delayed start time. In the event that a boat is on the course side at her start time, she shall return completely to the prestart side of the line before starting.

9. Scoring: The order of finish will be the order of placement. Handicaps will be calculated based on the length of course selected and will be taken at the start.

10. Awards: Boats that finish first in their class will win a coffee mug inscribed with a picture of their boat taken during the race. The first FHYC boat to cross the finish line will win the traveling Wilkerson Cup.

BLACKBEARD'S EPITAPH

Entry/Registration Wilkerson Memorial Trophy Race

Sunday, April 14th, 2019

Intent to enter must be received by email to mark.hittner@yahoo.com by midnight April 11th. Include the entry information required on the entry form. Bring the signed form and entry fee of $25 to the Skippers' Meeting.

If the race is cancelled there will be no fee and no party.

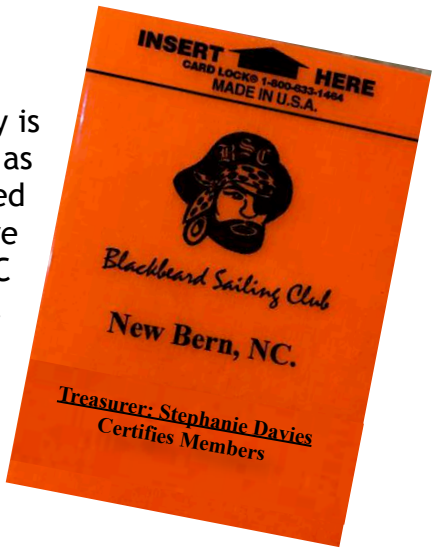
Waiver: As a condition of participation in this FHYC regatta, I assume all risk of accident or loss to my vessel, myself and my crew while participating in all regatta activities of FHYC and release FHYC and those acting on its behalf from any liability arising from my participation in this FHYC regatta. I recognize that sailing activities can be hazardous and my participation in this FHYC sponsored event is voluntary on my part and I am therefore assuming all risk of loss or injury when I choose to participate.

Signature_____ Date_____

Gate Key Cards



Recently we have been requested to replace/supply gate cards. The policy is as follows, new members receive their gate card at Orientation (or before as needed), one for each adult member. Extra cards are $5 each. Damaged cards are supplied at no charge; please return the old card. Lost cards are $5 each, unless it was due to Florence, then they are free of charge. BSC periodically changes our gate cards with old cards operational for 30 days. Vendor cards are available to recognized vendors kept on our list. Card requests can go to Stephanie Davies. Thanks!

Reminder

If you are the last person to leave the clubhouse, please check that appliances (stove, microwave, coffee maker, toaster oven etc.) are turned off. Lights should be turned off and the doors locked as well.

Thank-you!

Sunfish Hot Toddy Group

by Mike Foster

Saturday, March 24 saw the Sunfish Hot Toddy group racing, hosted by BSC members Eric Frank and Mark Thompson. Eleven Sunfish participated; you are invited to join too. Ed Doughty provided the Signal Boat, Skip Byrum and Billie Talbert manned the Mark Boat, and executed perfect mark setting and safety boat skills. Several boats took knock-downs and all recovered by themselves during racing. After racing, one boat needed assistance to get the mast out of the creek bottom. It went well. On the Signal Boats, yours truly was assisted by Drew McCrocklin and Ron Leo. We had a good time running the starts and watching the leeward roundings. A total of 5 races were run over the 2 hour period. BSC member Mark Thompson led the field with a score of 11, in a borrowed Sunfish! Nice showing, Mark! The idea here is to provide some training for those interested in getting into the support side of our sport. Please feel free to contact Ron or me. We will get you on a support boat! The Hot Toddy group returns on April 27 and May 11th. Join us!

BLACKBEARD'S EPITAPH

Racing Seminar

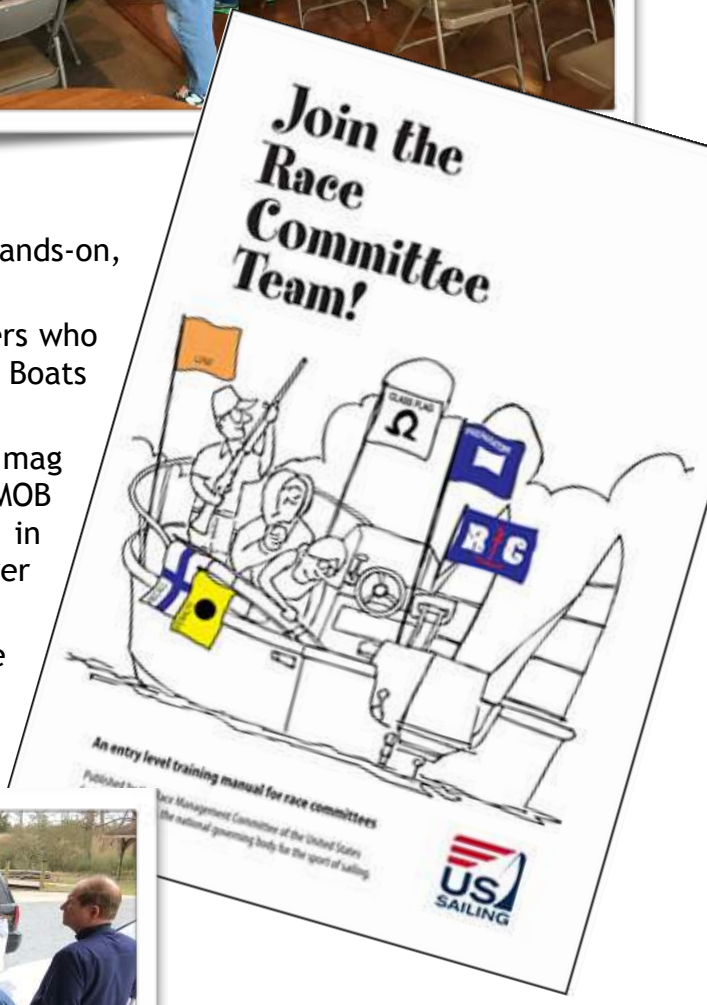
by Ron Leo

BSC hosted a great Mark Boat Seminar, by our RC guru Bill Jarvis, at the club on March 9th. Attendance was beyond expectations with a total of 43 attendees, plus our committee folks, with exceptional interest and participation by those attending!

An added plus is that several have interest in BSC membership.

We were able to narrow down Bill's usual comprehensive power-point presentation from 973 slides, to <100! … thus we didn't need to spend the night!

After classroom instruction and luncheon provided by Charlie Nelson, we moved to the infield where we conducted a thoroughly educational, hands-on, GPS/Compass race course setup, with all attendees.



Of those attending, we now have several additional members who are seriously interested in providing their services in Mark Boats for upcoming races.

There was fun for all as we learned the difference between mag north and true north as it applies to our RC setup and MOB techniques! We still have two "people-boats" wandering in the infield looking for the starting line; please don't run over them!!!

Many thanks to Bill Jarvis, Charlie Nelson and Stephanie Davies for putting this program together!

Learning to use the GPS Correctly

St. Patrick's Scrapbook

By Susan McCrocklin

On the evening before St. Patrick's Day, 52 Blackbeard members gathered at the club for a wee impromptu social to celebrate everything Irish. Leprechaun-in-Chief Mike Foster welcomed everyone and repeated the good news that water to the docks was back on, followed by Father Joe Gormley, who offered an Irish blessing to begin the festive evening. BSC'ers certainly got into the holiday spirit by wearing green and bringing plenty of delicious food to share, including traditional Irish favorites like soda bread, corned beef and cabbage, and colcannon.
