

Hurricane Preparedness Seminar!

Mates,

As Hurricane Season approaches, many members (both new and old) have requested information regarding BSC's hurricane protocol and proper methods & options.

Whether you are a trailer sailor, or a larger boat anchoring out or hauling out it is important that your Hurricane Plan is current and that you and your boat are prepared on short notice in the event a Hurricane warning is declared for Craven County.

The club will therefore conduct a **Hurricane Preparedness Seminar** on **SATURDAY, MAY 20TH, 1:30PM** in the clubhouse.

Charlie Batchelor & Tom Foster, two members who are mighty experienced in this regard have volunteered to conduct the seminar.

All members are invited and encouraged to attend, please mark this date on your calendar, we hope to see a good turnout for this important event! **NO RSVP REQUIRED!**

Thank you in advance and we look forward to seeing you there!!!

Call/email any questions, anytime!
